

IN THE CLAIMS

Please amend the claims as follows:

Claims 1-35 (Canceled).

Claim 36 (Currently Amended): A composition, comprising:

at least one fatty phase comprising at least one structuring agent;

wherein:

the structuring agent is selected from the group consisting of tackifying waxes,  
combinations of at least one specific compound with at least one oil, and mixtures thereof;

the at least one specific compound is selected from the group consisting of semi-  
crystalline polymers, fatty-phase rheological agents and mixtures thereof;

the tackifying wax has a tack greater than or equal to 0.7 N.s;

the composition is in the form of an emulsion;

the composition has a solids content defined by a dry solids extract of more than 47%  
by weight;

the composition has a consistency index of less than 1 000 Pa; and

the composition is in the form of mascara.

Claim 37 (Previously Presented): The composition according to claim 36, having a  
dry solids extract of more than 50% by weight.

Claim 38 (Previously Presented): The composition according to claim 36, having a  
consistency index of from 10 to 800.

Claim 39 (Cancelled).

Claim 40 (Previously Presented): The composition according to claim 36, wherein the fatty phase represents from 10 to 60% of the total weight of the composition.

Claim 41 (Cancelled).

Claim 42 (Previously Presented): The composition according to claim 36, wherein the structuring agent consists of one or more tackifying waxes.

Claim 43 (Previously Presented): The composition according to claim 42, wherein the waxes have a tack from 2 N.s to 10 N.s.

Claim 44 (Previously Presented): The composition according claim 42, wherein the waxes have a hardness of from 0.05 MPa to 3 MPa.

Claim 45 (Withdrawn): The composition according to claim 36, wherein the structuring agent is a combination of at least one specific compound and at least one oil.

Claim 46 (Cancelled).

Claim 47 (Withdrawn): The composition according to claim 45, wherein the at least one oil is selected from the group consisting of volatile and non-volatile hydrocarbon oils, silicone oils, fluorinated oils and mixtures thereof.

Claim 48 (Withdrawn): The composition according to any one of claim 45, wherein the oil has a molecular mass greater than or equal to 250 g/mol.

Claim 49 (Withdrawn): The composition according to 45, wherein, in the fatty phase, the ratio of the oil(s) to the specific compound(s) is from 10/90 to 90/10.

Claim 50 (Previously Presented): The composition according to claim 36, wherein the structuring agent has a tack value  $\geq 0.1$  N.s.

Claim 51 (Previously Presented): The composition according claim 36, wherein the structuring agent has a hardness value  $\leq 30$  MPa.

Claim 52 (Previously Presented): The composition according to claim 36, comprising from 15 to 50% by weight of structuring agent.

Claim 53 (Previously Presented): The composition according to claim 36, further comprising water, and, optionally, one or more hydrophilic organic solvents.

Claim 54 (Previously Presented): The composition according to claim 53, comprising at least one hydrophilic organic solvent selected from the group consisting of monoalcohols having 2 to 5 carbon atoms, polyols having 2 to 8 carbon atoms, C<sub>3</sub>-C<sub>4</sub> ketones, C<sub>2</sub>-C<sub>4</sub> aldehydes and mixtures thereof.

Claim 55 (Previously Presented): The composition according to claim 53, wherein the water or the mixture of water and hydrophilic organic solvent is present in an amount ranging from 0.1% to 90% by weight relative to the total weight of the composition.

Claim 56 (Previously Presented): The composition according to claim 36, further comprising a film-forming polymer.

Claim 57 (Previously Presented): The composition according to claim 56, wherein the film-forming polymer is selected from the group consisting of vinyl polymers, polyurethanes, polyesters, polyamides, polyureas, cellulosic polymers, and mixtures thereof.

Claim 58 (Previously Presented): The composition according to claim 56, wherein the film-forming polymer is present in an amount, in terms of dry polymer material, of 0.1% to 60% by weight relative to the total weight of the composition.

Claim 59 (Previously Presented): The composition according to claim 36, further comprising a colorant.

Claim 60 (Previously Presented): The composition according to claim 59, wherein the colorant is selected from the group consisting of pigments, nacles, fat-soluble dyes, water-soluble dyes and mixtures thereof.

Claim 61 (Previously Presented): The composition according to claim 59, wherein the colorant is present in an amount ranging from 0.01% to 30% by weight, relative to the total weight of the composition.

Claim 62 (Previously Presented): The composition according to claim 36, further comprising a cosmetic additive selected from the group consisting of antioxidants, fillers, preservatives, perfumes, neutralizing agents, thickeners, surfactants, cosmetic or dermatological active agents, plasticizers, coalescents and mixtures thereof.

Claims 63-65 (Cancelled).

Claim 66 (Withdrawn): A method of treating or making up keratin fibres, which comprises applying to said keratin fibres the composition according to claim 36.

Claim 67 (Withdrawn): A method of coating the eyelashes which comprises applying to the eyelashes the composition according to claim 36.

Claim 68 (Withdrawn): A method of volumizing and separating keratin fibers which comprises applying thereto the composition according to claim 36.
